How do I know that's CaptKurt1? Because he's made numerous posts about that "narcissist" word in relation to me.

Doesn't he ever give up?

I don't know if he realizes that what he's writing isn't really that bothersome at all.

It's more humorous than anything.

Although this fucktard is annoying beyond belief, it's easier for us to just sit back and laugh at this fucktards attempts to piss us off then to actually confront him.

So friends, if you see a fucktard like him go about causing mischeif, just smile, and say to yourself:

Strong and bitter words often signify a weak cause.

To be honest I don't think that was CaptKurt, rather someone pretending to be him. They were WAY too obvious with their "hints" and CaptKurt has never spammed or typed in broken english like that.

Also, even though he hates ACK, CaptKurt doesn't dislike me and wouldn't do this to me.

Yeah that the reason I queried the topic title. CaptKurt isn't a little 12 year old kid who would do that sort of thing. He has been sorting out some tutorials that need corrections on my site and he has been helpful.

Take a look around you. aircraftdogma and the new guy who wantes to get you banned are the people most likely to be doing this to you and maybe even our DDOSer, who knows.

BTW there is a lot of spam missing from this post if your wondering why certain things don't match up.
