That almost made me laugh. Only my severe distaste for American foreign policy kept it off the last little bit.

It would have made me laugh...but it didn't. I'm american and I'm opposed to this war. You want comedy watch bill mauer call the president a jack ass every saturday night on HBO.

It's sad to see that people can't see the truth in what Saddam is all about. He is a direct threat to the world. The time has come. T - 29 hours

You know K9 you are starting to derail this topic. That comment is all that it takes to throw it of its tracks.

I will just say that Saddam was not a threat to the world. But since Bush put the spotlight onto Iraq he has all the reasons he needs to be a threat. I will cease to continue. If you wish to be audience to my thoughts I will galdly discuss them at the WWEXP Off Topic forum.

I would have to say it's funny because that's Bush's entire presidency in one film. The film itself proposes no reason...it's kind of ironic that a film by a bush supporter came out to be proof of Bush's stupidity.
