If you're going to lie, the best way to go about it is to do this:

1. Make it believable.
 2. Photoshop images to make you look like you're right.
 3. Write something intelligently so people have a reason to think you're not an idiot...

What does having a 1v1 mean to you? Since you're such a clan player, as you've openly flaunted so far, you're playing for teamwork (Another statement you're flaunting unneedlessly) in this game. Where's the precious teamwork you love so much in a 1v1? Oh, wait, there is none... Keep consistent, please.

I don't have to prove anything. You're the one making the accusations about me stealing vehicles - go ahead and prove it with images and a detailed explanation that you didn't just pull out of your rectum...

I'll state this again... just in case you missed it the first time... when did this happen? Give the approximate time ago from now. ie. 1 hour ago, 30 minutes ago...

AircraftkillerWhat does having a 1v1 mean to you? Since you're such a clan player, as you've openly flaunted so far, you're playing for teamwork (Another statement you're flaunting unneedlessly) in this game. Where's the precious teamwork you love so much in a 1v1? Oh, wait, there is none... Keep consistent, please.

I don't have to prove anything. You're the one making the accusations about me stealing vehicles - go ahead and prove it with images and a detailed explanation that you didn't just pull out of your rectum...

Don't dodge me. 1v1 shows TRUE skill. Teamwork is just another thing needed to compete in TEAM games. Skill matters in those, but it solely depends on YOU to beat ME 1v1. Let's go then...set up a time and date...or are you going to be a puss and not accept my challenge in front of all your minions?

1v1 does not prove your skill at renegade. In other First person shooters, yes it does. However Renegade is all about base destruction, not kills. How much "skill" does it take to continuously pound on a building while the other is away pounding on yours? Or in a different circumstance, having one person pound on a building while the other is attempting to save it? If this is the case, it's whoever gets there first will win. They can try to take out your tank, and probably loose the building, or they can sit and repair it all game and loose because you get less points for repairing. Even if they manage to get the tank and save the building, they will counter attack, and the exact same thing will happen with the roles reversed. So please tell me, where is this "skill" thats needed?

You see, you have to prevent the person from doing it in the FIRST place. That means making sure your getting your money fast and buying a tank so your opponent cannot attack you. THAT requires skill.

that requires luck... getting the first box isn't skill. And you have the choice to defend your

harvester or destroy your oponents.

Edit: to comment on getting the tank first, refer to my post. I explain how thats useless.

Luck to get the box first? I hadn't even thought about that. You should be able to kill him before he gets it. Destroying his harv or keeping yours? You should be able to kill his AND prevent yours from dying if you know what your doing and have skill.

Getting your tank first means that you had the ability and skill to get your money faster then your opponent. Many choices have to be made, and to make them it requires knowledge, then to complete your task, it requires SKILL.

One on One only proves who got on Nod and got a flame tank

One on One is so easy, I dont care if you get your tank first or not, I'm just gonna get a medium tank and shoot at your hand until it blows up.

Then you'll just run around repairing everything until I get something or time expires.

You want skill? Try sniping, that's something that is never used in small games...

AeonEliteAircraftkillerIf you're going to lie, the best way to go about it is to do this:

1. Make it believable.
2. Photoshop images to make you look like you're right.
3. Write something intelligently so people have a reason to think you're not an idiot...

YOU CALLING ME A LIAR JUST CUZ YOU CANT DO ANYTHING ABOUT IT CUZ ITS THE TRUTH 1V1 RIGHT NOW GET ON RENEGADE YOU VEHICLE STEALER AND WE WILL SETTLE THIS ONCE AND FOR ALL, AND ILL SHOW U HOW INTELLIG...G...G...G...G...G..GENT I AM YOU NEWB

why is it dick heads like him always feel the need for a 1v1?

so many times i have heard people start bitchen..you bitch back and they go "OMFG !!1211!!"

bt you need proof ie a picture with out any proof...you lost this battle before you posted it
