LOL - I was about to post about that... but yeah, I just started my own online journal. I'm writing the software myself because I can't be arsed with installing something and then making it work with my layout. (which is courtesy of djlaptop by the way)

I haven't heard anyone use the word Chode or anything like it in so long.....that is pretty comforting thought to know that someone else has to wake their man up off the couch and that other people have to go grocery shopping.

CrimsonSaved by a stupid receptionist... - 30 July, 2003 12:04 MST

I had an appointment for a girlie exam today, but the receptionist chick screwed up. She said the 30th at 3:45, but wrote Thursday on my appointment card. Apparently Thursday is what's in their books, so I get a 24 hour reprieve.

Why do we have to go through this? Guys don't go to a doctor to get a penis exam! "Hey, it's time for your testicular smear!"

God that sounds to painful. I am glad I am a man Wouldn't even want to imagine the "Tools" they would use for that job.

But the Prostate exam isn't very nice either.

Hehe, Crimson.

Look on the bright side, it could get worse; at least your doctor isn't Sukhoi.
