Send Crimson an email with it, or log into IRC and ask here,

Address: <irc://irc.n00bstories.com/n00bstories>

(if you have mIRC of some sort installed, put that link into your Address Bar.

cowmisfitspeaken of coustum i am testen  
a pic in my singniture

The picture in your signature doesn't work. You put the "/" in front of the "img" in the end tag, like this: "[/img]", not behind it.
