We must bow our heads in prayer for all of the innocent Iraqi soldiers that Hussein is forcing to fight our armies as we go in and take out Iraq. Hussein is evil and is now going to pay for his ignorance in ignoring the United States and her allies. May we lose very few, if any, soldiers of our own. I pray dearly for the souls of the Iraqi soldiers that shall lose their lives in the next week or so of this war. May you and your families be safe during this time. This is something we can't ignore any longer. We are making the right choice and God shall lift us through this and let us deliver the blow that is much needed. In Jesus' name we pray.

P.S. This post will also be added to the Renegade Unilimited site.

I saw a video of the 12 soldiers who surrendered when they heard training shots earlier this week. They were riding in the back of a deuce in a half and they were all like smiling. They looked like the happiest peeps I've seen in a while. I hope that Saddam's entire army surrenders so there will be no battle, and the soldiers can get adequete food from US troops. If Saddam's entire army except the republican guard surrender than this war is obviously in the Iraqi opinion a good thing. At least that's what I think.

Umm did you know that "Little Bush" has an IQ that is borderline genius?

He is a very intelligent person. Just like most people with IQ's in his range they have problems with verbal communication. Einstein stuttered. Does that mean he was stupid? Before you claim

---

someone is stupid, find out their actual intelligence.

Obviously this shows howstupidyou are.

Other then that, you shut the fuck up cheater \*mr is using trainers for Gen...Oh and he had the warez version of the beta test! I swear\*

Oh and crimson, I thought he was doing the right things after 9.11, but now, I dunno...He kinda destroyed the UN, I know the UN isn't really helping in peacekeeping \*depends, their army is peacekeeping in africa and in other contries like Canada...

UN should've said : Saddam, you have 2 choices, you disarm and get out of Iraq, or US will have the right to bomb you.

Funny, The UN Peace Keeping Forces are 65% US. We risk more lives for the UN then any other member. Yet when it comes time to help the US most run and hide.
