US Anti-War Protests Flare, More Than 1,000 Arrests

SAN FRANCISCO (Reuters) - Police arrested more than 1,000 people in San Francisco on Thursday -- the most demonstrators taken into custody on a single day in the city in 22 years -- as tens of thousands protested across America against the U.S. war in Iraq.

[...etc...]

During morning rush hour in the Washington D.C., more than 100 demonstrators temporarily shut down the Key Bridge, a major route from Virginia into Washington's Georgetown neighborhood and three were arrested.

[...etc...]

In New York, which took the brunt of the September 11, 2001 attack that President Bush has repeatedly cited as an example of the threat to America, "September 11th Families for Peaceful Tomorrows" condemned what they called an illegal and immoral U.S. war.

Anti-war demonstrators overflowed police barriers during rush hour in Times Square, completely shutting New York's Broadway for two blocks below 42nd Street.

"A year and a half ago you were heroes," one onlooker shouted as police forcibly led away one demonstrator. "Don't become our enemies."

[...ect...]

At San Francisco's Federal Courthouse, at least two protesters took medicine that induced them to vomit. Some in the crowd flew Iraqi, Palestinian and French flags. In some areas, police charged protesters to carry them off. Sparks flew as officials sawed through chains linking protesters. Some of the city's fabled cable cars were halted.

[...etc...]

In Madison, Wisconsin, a traditional hotbed of protest, police investigated vandalism at the state Republican party headquarters on Wednesday night in which a half-dozen windows were broken and paint bombs were tossed around.

Talk about THE PRIME FUCKING EXAMPLE OF the few TRYING making choices for the many. Bush has said we are going to war, the congress backed him on that today in essence. We have over 35 allies helping us and all this etc...BUT NO SOMEHOW THIS RETARDED FUCK IS GOING TO BLOCK ME FROM GETTING HOME BECAUSE OF HIS ANTI-WAR MESSAGE. If you have an anti-war stance good for you, disruptive activity is NOT the way to make your point. :rolleyes:"A year and a half ago you were heroes," one onlooker shouted as police forcibly led away one demonstrator. "Don't become our enemies.":rolleyes: Anyone who talks to a cop like that FOR DOING THEIR JOB never had any respect for them in the first place. On another MORE IMPORTANT NOTE, whats right is right regardless of how many people perscribe to it.

That last bit is ESPECIALLY ENTERTAINING. General pubic disorder. The Sept 11th families for peaceful tomorrow BULLSHIT makes me SICK. I'll look into it but I wouldn't be surprised if they were financially backed BY FUCKING SOCIALIST/COMMUNIST just like MANY of the other Anti-War groups that helped put on rallies. If they are I promise they will be getting the worst fucking e-mail of their life from me. Don't you like the intellegent comment of that IGNORANT

FUCK in the last section towards the cop.

FUCKING-RETARDED.

If anyone feels compelled to be a human shield, by all means...your destiny is calling you. Do it for the gene pool.

I try to control the name calling but I feel very justified considering the FACTS of the situation such as FRANCE THE ANTI-WAR COUNTRY HAS BEEN *ILLEGALLY SELLING SADDAM MILITARY EQUIPMENT*.
