I don't think it was necessary to call you an asswipe just because you sent him an e-mail.

If you sent me a chain mail, I'd be pissed.

Sounds like you are trying to make him explode just for entertainment value...

If you get a chain letter why do you send a hateful letter back? Just check the box next to it and press delete. It's really not that hard.

That was an IM, not e-mail.

Chain letters/IMs are nothing but lame spam and are completely false. It's nothing but a waste of time. You completely deserved everything he said to you and alot more. He should be the one posting "WTF is with spreegem?"

I agree with you. I do not like Chainletters/Chain IMs either. But I do not get that mad at people where I'm going to threaten them. I mean come on. Its just a stupid Chain IM. You mean you you're going to get that mad over something that stupid. Man, then I think some people need to step away from the computer for awhile.

Exactly, I either ignore a chain Im, or delete a chain mail letter

I think the real question is, why do you have Wilost0rm on your buddy list?

If you were to actually talk to him, or ask him some technical questions, you would soon find he in no way posses the ability to operate anything much more sophisticated than AOL.

His CnC\_c130 drops R0x, but now, I am almost as good as him at it, I used to join his games alot, he would let me be on Nod with him, so I added him to m buddy list.
