Iraqi ambassador claims 3 U.S. helicopters shot down

http://www.interfax.ru/show_one_news.html?lang=EN&tz=0&tz_format=MSK&id_news=5627161

US: Our helicopters do NOT get shot down! They crash. Mechanical problems. Pilot error. Weather. But they are NOT being shot down! Everyone KNOWS the Iraqi can't fight a war, they're pussies! They... what? Oh, yeah, right, Forgot that.

Everyone knows Iraq is a deadly danger to the US and they have weapons of mass destruction and kill puppy dogs and steal incubators and tear the tags off of their seat cushions and fart in elevators and that's why we are fighting this holy crusade. But, I repeat, our helicopters do NOT get shot down!

they didnt. My dad saw one of them crash. The fumes and smoke form the burning oil derricks caused the problems. and only 2 have crashed.

3.

One crashed yesterday killing eight marines and 4 crew.

Two collided last night, killing seven.

Oooh... we'd better believe an Iraqi ambassador. Especially when he says that we've only killed 39 people that are mostly women, children, and elderly. :rolleyes: :rolleyes: :rolleyes: :rolleyes:

Does anyone actually believe this bullshit?
