I think it is BS also, but age doesn't mean anything. My grandma had twins at the age of 54. I am actually 3 months older than my aunt and uncle 35.

Either way if it is BS or not, this person is a sick fuck. For doing it or just even writing this shit.

Yeh it sounds just a little to much like a made up story, it is perfectly planned and it isn't wirtten in the kinda worried tone you would expect from somebody who just did something like that.

Still he is.... SICK!!!!

Fake, lets see if he had no good testies and he couldn't produce a sperm. no chance in hell he

could get her pregnant. So that would be a form of immaculate conception, which I highly doubt. This guy did it because a) he is sad, b) he screwed his mom and wanted to make it seem more believable. c) he is lame and wanted a good laugh from people's reactions.
