Keep your opinions to ur self man. Renegade will eventually become non entertaining. Anyways generals is like any other cnc game ex renegade but with different story line and different ways to assemble a base. Any way i dont think it is worth leaving renegade for but its old to me and thats the only reson why.

I don't recall any kind of an exodus of players from Renegade to Generals.

Get official CNC Signature picutres here!

You can shorten the length of your sig then and also make the link intigrated into the sentence.

TheGunrunKeep your opinions to ur self man.
Opinions have no place in the forums? :rolleyes:

After you make that statement you proceed to give you own opinion as well. Quite funny.

IMO Generals is not fast paced enough and quite a memory hog.

Now if they ever made a C&C game like savage, that would be good. It would be like renegade and generals together.
