Wow, you're really gullible.

Anyway, to set things straight, Crimson and others didn't make Final Renegade, their names were put on it to make them look like they did.

And it's pretty funny that someone would make a cheat then bring out an anti-cheat program to stop it, eh?

Durrrrr.

Gotta love the retarded people on the internet who can't even think for themselves. I mean, how moronic can you be? Oh yes, someone who was given these forums by westwood, as well as someone who doesn't allow cheats to be spread on these same forums is going to make a cheat, only to ruin her reputation. :rolleyes:

It's people like you who let themselves be manipulated that are the problem with today's society.

Get a brain.

Well, he couldn't have known.

Perhaps he thought he was on to something big...

Well, cant blame him for not knowing the full truth.

It wouldn't take a genius to figure out something was wrong there though. Even if he didn't know, it isn't hard to figure out that with all the anti-cheat mentality Crimson displays on the forum and with RenGuard that someone was setting her up.
