A bit of my C&C merchandise\collectible stuff that I've gotten over the years.

So far, I have every C&C soundtrack, from Tiberian Dawn to Red Alert, Tiberian Sun, RA2, and Renegade... Except Generals because that music sounds like a ripoff of Black Hawk Down.

In addition to the Allied\Soviet lapel pinset from RA (Not RA2)... A few C&C posters, like the World Domination Tour from Red Alert and the Red Alert: Retaliation poster of a Tesla Tank shocking the piss out of a soldier.

That, plus the games themselves, and The Aftermath music in CD form... No one else has that.

Then Jeff's carved oak GDI logo that he mailed me...

And podkilr's GDI\Nod logo made of metal that he sent me a few months back...

Plus my Renegade t-shirt that the Renegade development team sent me with the beta test.

Then my C&C sweater that cost \$50

And my C&C hat...

Anyone else got anything interesting?

I've got the sound tracks of the C&C:TD, RA, TS and RA2. The GDI and Nod pin set, and a 2003 Renegade Calendar, the GDI and Nod soldier pewter figurines that came with TS Platinum Edition

and the Tesla Trooper from RA2. I gave the RA2 DVD to one of my friends because at that time I didn't had a DVD Player

I really wanted to get a TS Poster (the one with the Titans) but never got the opportunity to get one and now they're gone forever!!!

I'll get some pictures later when I get it to work. (Digital Cameras and Beer don't mix very well)

Sole Survivor?

I haven't seen/played that game, not even a screenshot. It's almost like it don't exist anymore.

Doubt it even made it to the shelves here.

Edit: Forgot to mention the little amount I had.

Command & Conquer (Playstation that brother has, PC)  
Red Alert (Playstation, PC)  
Retaliation (Playstation)  
Renegade

Trying to buy Tiberian Sun and Firestorm multi pack, seems to have disappeared from the shops.

About it really...

It was ok early on, but there was too much bickering between different phases of testers (I mean, gamma testers? Please.....) and the control system sucked.

Had some good games though, especially against WS staff.

lol toasty you make me laugh, you make snide comments about peoples collection of cnc stuff and how lame it is to collect, but not only are you a renegade clan leader but also working on the genesis mod. what is worse, a couple of plastic models in the corner of the room, or several months of you life spent coding to make a mod that a few people will play??

Do you tell your mates about genesis??
