99.9% chance that it's a joke. Those pictures are old...they've been flaunted around the boards throughout the year I've been here. EA's site says nothing and I have seen nothing anywhere else...plus the you are an idiot link...kinda obvious

It's fake.

They would have made a press-release.

Besides, we had 'Renegade II' screenies a LONG time ago. It was CANCELLED.

They could be fake, but I doubt it. Those are really nice screenshots, I doubt a community member could fake them, if it is a prank, someone got those shots from an inside connection.

And plus it's posted by Elmar, if he's pulling pranks that's pretty bad PR for E.A.....

It might be true... but I really doubt it. It's using RA2 screenshots... how can Renegade be a RA2?
A lot of possibilities that it ain't real.

Quite simple...

Yes, the prank looks good... but they are using RA2 units... so I really doubt that it's that good. Renegade is a GDI and Nod conflict... not a Soviet and Allies game.

lol what is it with people using gay as an insult or comment for anything / anybody they have a problem with?? It really gets on my nerves... just like the racist remarks in the generals lobby. Yeah maybe i stick up for them more since two of my best friends are gay... but it still gets on my nerves.
