Umm . . . yaa, why was I kicked from the N00bstories RenAlert server? It wasn't a quick kick either where I can join back in, I was just wondering cause I have no idea what I did, if anything wrong. The time is currently 12:56 P.M. East Coast USA

Ohh, Thanks . . . Hopefully in the next version of RenAlert the time it takes for crates to respawn will be increased a lot . . .

It also seems as though there's a bug that Blazer needs to fix...

You sat there getting nothing but Crates the entire part of the last game, I told you to cut it out, you said something to the effect of "wutevar ill do wut i wnt stfu noob"

So I kicked you. You come back and do it again, I kicked you again. You come back and learned from your mistake, so... Case closed?

uh wats wrong with whoring CRATES? i mean, they are there 4 u! well i dont really care, but if he said sum bs like that, u deserve the ban
btw aircraft, can u plze remove the ban on me from n00bstories 4 8 and stuff? the only reason i was banned from those is bcuz aeonreape spread my ban from server one, which he recently lifted

The thing is I didn't say that, I said "I want better weapons than a pistol and a Rifle so I'll crate whore all I want" (Baracks was destroyed, no weapons factory, no refinery, only Radar Dome and maybe the repair pad was left where as the other team still had their barracks, and a couple other structures) Now that I think of it though what I said was kinda rude so sorry.

If you can't kill him to stop him from doing it, its your own falt, he shouldn't be kicked for it.

But since this is a matter dealing with n00bstories, shoudn't this me on their forums?

It doesn't matter in most cases, except the Crate logic is screwed up and they continually spawn in one position, over and over, allowing people to get uber weapons and such from standing in one spot.

This is why he was kicked, it's the same as expoiting a bug. I can understand getting one Crate, but five or ten? No way.
