Hey guys was checking out planetCnC and was reminded of ye'ol forums back at westwood.com and wanted to say hi to all that still play rom back in my day with the Action Jacksons (O\_o). (the multiplayer beta and the first 9 mo when i was ranked between 11 - 95)

and a big shout out to ACK nice to at least see one name i still know

and for anyone that plays neverwinter nights my latest project at  
<http://www.planetneverwinter.com/daggerford> sign up for the beta more the marryer

and if i can find my disks for renegade, in the great words of denovitch "see you on the battlefield"

Hey Conan! Shit, been what, almost a year?

Check this out, while you're still around: <http://www.renalert.com>

well, well, a few, yea i still got one of the old movies on my harddrive for the red alert mod with the huge tesla coil, did you guys ever make that look more like electricity than a lazer

i did like what a saw tho back then

good to see a few of ya left if i get it running again what server you guys normally play on
