Why do all these people insist on spamming with "OMG IIEK JOIN MEEZ CLAN" messages? It makes your clan look completely unprofessional.

Personaly if I had a clan, I would scout people out...

Stick around one server for a month, figure out who the regulars are, find the good regulars, team players and such. Then say "hey, I have been watching you play. My clan could use someone of your talant, would you like to join us? Our site is "www.blah.nill" come vist our forms, tell them I sent you." or something like that. Instead of trolling in the forums. Most people here eather are already in a clan, or don't want to be in one. Simple as that.

If I simply asked to join this clan, I would get in. No contact info, no observation of how I play, just asking.

And by spamming everywhere for people to join makes this clan look evermore n00by and pathetic.
