Anyone else noticed the link between the inability to spell, and the complaints uttered on this forum?

Read the 10,000 topics, find a related problem, try to fix they offer, and THEN whine about "OMFG!!!!111111 RENGARD MCFUXX0RED MY WHOL COMP, AND ATE ALL THE CAP'N CRUNCH IN THE CABINET!!!11111!!! OMFG, OMFG!!!!1"

Until then, STFU

I think we'll be seeing a lot of that. Have you noticed registrations to this forum lately?

If nothing else, Rengaurd has sparked a lot of activity for Renegade.

Now if EA would just give blackhand the source code....

The correlation is amazing.

Just use the safe install. Easy as hell. (might be a little tough on the idiots though)

I seriously almost did, too. But then I remembered, RenGuard DID eat all my Cap'n Crunch. It was
the chocolate ones too!
